Product Manager | US-Work Authorized

+1(323) 974-1434 | akshitas06@iimamritsar.ac.in | New Jersey | [linkedin](#) | [portfolio](#) | [github](#)

SUMMARY

Product Owner with 4 years of experience shipping B2B SaaS and AI-powered products in agile environments. Strong in writing user stories and acceptance criteria that engineering teams can build from without rework, leading Scrum ceremonies across distributed teams, and prioritizing backlogs against shifting customer and stakeholder input. Applies AI tooling to accelerate documentation, story refinement, and discovery.

PROFESSIONAL EXPERIENCE

Assistant Product Manager, IndiaMART InterMESH Ltd. | Noida, India Jan 2024 - Feb 2026

- Owned zero-to-one launch of Agentic AI listing approval workflow, achieving 95% precision and 90% recall at 300K daily inflow; eliminated manual review costs and accelerated seller onboarding.
- Translated catalog quality requirements into engineering specs and acceptance criteria for an AI auditing system, correcting errors in 12% of listings and reducing buyer drop-off by 18%.
- Defined and launched automated product to lead mapping, eliminating 99% manual effort; saved 2000+ hours per month and delivered 250K annual savings with less than 6 month ROI.
- Led search relevance overhaul using Qwen based retrieval, reducing latency from 2 seconds to 200 milliseconds and improving relevance by 35% across 5M+ monthly hits.
- Built AI super auditor using Gemini, doubling labeled data output and achieving 98% audit accuracy; reduced manual review effort from 400 to less than 40 hours per week.
- Drove LLM cost optimization strategy using prompt compression and token tuning, reducing cost to 0.0007 dollars per hit and enabling 100 times scale without performance trade offs.

Product Owner, Accenture Technology | Pune, India Jun 2022 - Jan 2024

- Led product discovery for enterprise AppSec platform through 10+ stakeholder interviews, translating insights into a prioritized 12 month roadmap that reduced post launch rework by 40%.
- Owned end-to-end delivery across 26 agile sprints, shipping 20+ features with 90%+ sprint velocity and sub-2% production defect rate; authored release notes and user guides for each launch.
- Grew Monthly Active Users by 30% from 4000 to 5200 by defining integration strategy for 5 third party AppSec tools, reducing churn by closing critical feature gaps.
- Authored 10+ PRDs and acceptance criteria for complex security features and led backlog grooming sessions with engineering, eliminating requirement-driven rework and cutting review cycles from 2 weeks to 4 days.
- Delivered 20% MRR growth by converting enterprise customer pain points into MVP features within 8 week cycles, protecting 180K in at risk renewals.

Market Research Intern, Path Infotech Ltd. | Noida, India Apr 2021 - Jun 2021

- Analyzed the Australian RPA industry to identify high growth opportunities and define data driven market entry strategies, prioritizing enterprise use cases for expansion.
- Assessed Microsoft Power Automate market size and purchase drivers through quantitative analysis and user interviews, generating insights on pricing, feature demand, and competitive positioning for product and GTM teams.

EDUCATION

Indian Institute Of Management – Amritsar - Master of Business Administration, General Management Jul 2020 - Apr 2022

Gujarat Technological University (SCET) – Surat - Bachelor of Engineering, Information Technology Jul 2016 - Apr 2020

PROJECTS

Management Consulting, CSRN Nov 2021 - Jan 2022

- Led management consulting engagement to design and execute a data-driven digital transformation roadmap for an NGO; presented recommendations to senior leadership, improving program reach by 1,000+ users and reducing delivery costs through scalable operating model redesign.

Affiliate Marketing, Electura Jul 2021 - Aug 2021

- Led 200+ influencer partnerships to drive targeted campaigns, increasing brand reach, generating high-intent traffic, and boosting sales conversions through data-driven collaboration strategies.

SKILLS

Product Management & Delivery : Product Strategy, Roadmapping, PRD Authoring, Backlog grooming, MVP Definition, A/B Testing, User Stories, Backlog Prioritization, Agile (Scrum), Sprint Planning, UAT, User interviews, Customer Journey Mapping

Data & Analytics : SQL, Data Analysis, Funnel Analysis, Cohort Analysis, Power BI, Advanced Excel, VBA

AI / ML & Emerging Tech : LLM Applications, Prompt Engineering, Context Engineering, Agentic AI Systems, Generative AI (Gemini), AI Product Design, Model Evaluation (Precision/Recall), AI Cost Optimization

Tools & Platforms : JIRA, Confluence, Figma, Kibana, Google Analytics, REST APIs, Postman, Google Apps script

Business & Strategy : Stakeholder Management, Requirement Gathering, Business Analysis, Market Research, UX Optimization, Experimentation Frameworks, Data-Driven Decision Making, Competitive Analysis, Hypothesis-driven Analysis

ACHIEVEMENTS

Pillar Of Success Award, IndiaMART

Top Product Management Fellow, NextLeap

CERTIFICATIONS

Digital Product Management, University Of Virginia

Software Development Lifecycle Specialization, University Of Minnesota

Entry Certificate In Business Analysis (ECBA), IIBA
